OBJECTIVE

MCA (Generative AI) student with strong foundations in software engineering and hands-on academic and project experience across backend development, artificial intelligence, and data-driven system design. Experienced in building full-stack applications, RESTful APIs, and AI-enabled systems with a focus on scalability and performance. Seeking opportunities to apply technical skills, problem-solving ability, and continuous learning in real-world software development roles.

EDUCATION

SRM Institute of Science and Technology, Chennai

Master of Computer Applications (Generative AI)

- CGPA: 9.13

VIT University, Vellore

Bachelor of Science in Computer Science

- CGPA: 9.02

SKILLS

Languages: Python, Java, SQL

AI/ML: YOLOv11 (PyTorch), Deep Neural Networks, NLP, Model Training

Backend: FastAPI, REST APIs

Full-Stack: React, HTML, CSS, JavaScript

Database: MySQL

Tools: Git, GitHub

EXPERIENCE

AI Data Annotation Intern | Lesoko Technologies Pvt Ltd

- Training YOLOv11 (PyTorch-based) object detection model for Solar Panel Defect Identification.
- Performed defect annotation, ortho-image verification, and dataset quality validation.
- Conducted model testing on unseen panel images and refined training configurations.

AI/ML Intern | Elevate Labs

- Developed and evaluated machine learning models on real-world datasets.
- Automated data preprocessing pipelines and collaborated within an agile team.

PROJECTS

Student Management System | React, FastAPI, MySQL

- Developed a secure role-based (Admin / Student / Faculty) web application with authentication.
- Designed RESTful backend APIs and integrated MySQL database for structured data management.

AI-Powered E-Learning Assistant | Python, SQLite, Google Search API

- Built AI chatbot integrating Google Search API for dynamic academic query handling.
- Designed backend logic and managed structured data using SQLite.

CERTIFICATIONS

Machine Learning : View Certificate

AWS Academy Graduate – Cloud Architecting : View Certificate

ACHIEVEMENTS

- Organized a 3-day Ethical Hacking Workshop for 120+ students.
- Volunteer at graVITas National Level Technical Fest (VIT).
